

## CEUS (CONTINUING EDUCATION UNITS)

Educators can earn a maximum of 7.0 CEU's for 70 hours of participation at Confratute by attending a full schedule of keynotes, strands, special topic sessions, and other activities. One week participants can earn 3.7 CEU's. \*A *Planning and Documentation Guide* (included in the packet you will receive upon arriving to Confratute) must be completed and returned to the Credit/CEU Desk at Command Central before you leave Confratute in order to be awarded the units. You may NOT receive academic credit and CEU's for the same activity from UConn. The CEU's given by the State of Connecticut may or may not be honored by other state agencies.

## ACADEMIC CREDIT

Confratute can be taken as a fully accredited graduate course in Educational Psychology at the University of Connecticut, earning three (3) or six (6) credits. Participants who register and pay for graduate credit will select a strand as their "major" and work independently with their strand coordinator to develop an independent project or product to fulfill the requirements for earning credit in either **EPSY 5195: Workshop in Education** or **EPSY 5198: Curriculum Lab**. Guidelines for product development will be discussed in each strand and will be included in the information you receive when you arrive at Confratute. Participants earning graduate credit are not eligible to receive CEUs.

Additionally, all of our strands for Confratute are offered through the Educational Psychology Gifted and Talented Department at the University of Connecticut and may be considered for purposes of teacher certification in the field of gifted in some states.

### **APPLICATION AND PAYMENT FOR CREDIT**

Application and payment for graduate credit is accepted on-site in Command Central on Tuesday through Friday each week in Command Central. Application for credit after the conclusion of Confratute is not accepted. Payment for academic credit is a *separate, additional* cost beyond the Confratute registration fee. A tuition fee in the amount of \$1,485.00 for three (3) graduate credits (one-week attendance required) or \$2,970.00 for six (6) graduate credits (two weeks attendance required) is due when you apply. An additional one-time enrollment fee of \$65.00 is required for non-degree students and \$45.00 for degree students. This enrollment fee is required regardless of whether three credits or six credits are taken. Payment is to be made by cash, check, money order, purchase order, or credit card (MasterCard, Discover Card, and Diners International) upon registration for graduate credit. VISA card payments are accepted for non-degree students only. Financial Aid information can be found at [the Graduate School Funding Resources website](#).

### **STRAND SELECTION**

Select one strand as your "major" strand for each week (3 credits per week), and sign the credit roster that will be circulated by your strand coordinator.

### **DEADLINE**

Projects or products **must** be completed and grades submitted by the instructor within one year of application.

### **EARLY GRADE SUBMISSION OPTION**

Should you need your grade submitted prior to October 1, 2009, please inform your strand coordinator and request that your grade be submitted early. Complete the strand project and submit it to your coordinator during Confratute to have your grade submitted to the Registrar. If you wish to have your coordinator return your project, enclose an envelope addressed to you with sufficient postage. The cover page of your project should be a copy of your approved *Management Plan*, which is included in your participant packet.

**OFFICIAL TRANSCRIPT**

If you wish to receive an *official transcript*, fill out a request form in Command Central. There is no fee for this transcript service; however, you must provide a complete and updated address with your request.

**INTERNATIONAL PARTICIPANTS**

International attendees seeking graduate credit will need to apply for a student visa. Immigration and Naturalization Service (INS) regulations may restrict or prohibit registration for credit by students who are not citizens of the United States of America and **not** University of Connecticut degree seeking students. It is the student's individual responsibility to comply with INS rules and regulations. When applying for your visa at the American Consulate, please be sure to verify that your visa category will allow you to enroll for credits. You may find further information and procedures at [the Department of International Services and Programs](#).

**MORE INFORMATION**

See the Credit/CEU desk in Command Central during Confratute for more information on how to apply for Graduate Credit or Continuing Education Units or contact us at [Confratute@uconn.edu](mailto:Confratute@uconn.edu) or (860)486-4826.
